**GREAT COMEBACK OF GREGOIRE OBERSON ON THE
INTERNATIONAL STAGE**

Since 1997, when Show Time was sold, and until 2004, when Grégoire has started to reinstate the CSI*** and the CSI****, the Swiss man knew bad times. He settled in 1999 in Belgium. This is where he starts collaboration with M. Lanoir, and then with M. Pictet from Geneva, collaboration that will allow him to have many horses. Gazelle and Joker appears to be excellent horses, this is how he reaches again the top level. *« I had in fact a very ordinary life. What has happen to me happens to many other riders. For me it lasted seven years. This can last one year, two years, others are still in these bad times ».*

Even if his major activities are still brokerage and horse trade, Grégoire is *“very happy to participate again to beautiful competitions”*, its last participation to La Baule goes back to 1995.
